

WHAT IS THE **OBSTETRICAL** **PRE ADMISSION CLINIC?** **(OPAC)**

- OPAC is located on Unit 27, the maternity/labour and delivery unit at the Red Deer Hospital.
- After you complete the pre admission form at your Doctor or midwives clinic, it will be confidentially faxed to the OPAC office, and kept on file.
- Once you are 30 weeks pregnant, we ask that you call our OPAC nurse to confirm that you are still planning to have your baby at the Red Deer Hospital.
- When you call, the OPAC nurse will complete a confidential medical and pregnancy history form with you over the phone. Face to face appointments may be booked for special circumstances.
- Completing this paperwork helps us to admit you quickly and access your most up to date pregnancy information. You are welcome and encouraged to ask questions during this confidential phone consultation.
